Yongfeng Zhao

Curriculum Vitae

Personal information

Date of birth 7th April 1990

City of birth Yinchuan, China

Research interests

- Systems biology, the design principle of biological systems.
- Nonequilibrium statistical physics, emergence behavior of active matter from microscopic mechanism.
- Deterministic and stochastic nonlinear dynamical systems, machine learning.

Working experience

2019–now **Postdoctoral researcher**, *Institute of Natural Sciences, Shanghai Jiao Tong University*, Shanghai.

2017–2018 **Postdoctoral researcher**, *Laboratoire Matière et Systèmes complexes, Université Paris Diderot*, Paris.

2012–2016 **PhD research**, *Department of Biochemistry, University of Hong Kong*, HK.

2010–2012 **Undergraduate research**, *Center of Quantitative Biology, Peking University*, Beijing.

Education

2012–2016 **Doctor of Philosophy (PhD) in Physics**, *Department of Physics, University of Hong Kong*.

Supervisors Prof. Jian-Dong Huang, Dr. Julien Tailleur

Thesis *Run-and-tumble motion and differential dynamic microscopy*

2008–2012 **Bachelor of Science (BSc) in Physics**, *School of Physics, Peking University*.

Supervisors Dr. Fang-Ting Li.

Thesis *A Mathematical Model For the Decision-making Process of CD4+ T cell System By Antigen Dose*

(+86) 13409590704 • *zhaoyongfeng1990@sjtu.edu.cn*

Working language and skills

Language

- Chinese, native speaker.
- English, professional working.

Skills

- Programming in C/C++, Matlab, Python.
- Parallel computing using MPI, openmp, CUDA.
- Writing and presenting in LaTeX.
- Building optical experimental setup with Arduino.
